Pandemic fails to dampen Festive Mood

Markets, shops witness moderate rush even as flower prices shoot up

Mysuru, Apr. 12 (RK&SD)- On Ugadi festival eve, moderate rush was seen at all major markets across the city and residential areas this morning. And of course, the pandemic does not seem to have deterred the spirits of the people.

'Ugadi,' which means 'starting of a new *Yuga* or New Year,' is celebrated in March or April according to Hindu calendar. This year, the festival falls on Apr. 13.

To avoid huge rush of festival shoppers, the flower market section at Devaraja Market was shifted to J.K. Grounds as per the orders from the MCC since yesterday. Flower vendors stated that there was moderate business this morning, which is usual during Ugadi season and added that they were expecting more shoppers later in the day.

As usual, the price of flowers has shot up sharply compared to other commodities such as fruits and vegetables. Cost (per arm length) of Chrysanthemum *(Sevanthige)* was Rs. 70 to Rs. 100, Jasmine *(Mallige)* Rs. 30, Crossandra *(Kanakambara)* Rs. 60, Star Jasmine *(Kakada)* Rs. 50, White Rose *(Gulabi)* Rs. 60 for 250 grams, fragrant leaves such as Holy Basil *(Davana)* Rs. 60 per kg, Tuberose *(Suganda-raja)* Rs. 120. Flower garlands were being sold at Rs. 150 to 1,000 each depending on the size. Flower vendors were also seen selling garlands at reasonable prices near N.R. Choultry.

At Devaraja Market and surrounding areas, people were busy buying fruits and vegetables as well as mango and neem leaves.

Heli-Tourism concept has no vision: Pratap Simha

Calls the project a publicity stunt; says no tree will be chopped near Lalitha Mahal

Mysuru-Kodagu MP Pratap Simha and other officials seen during spot inspection near Lalitha Mahal Palace Hotel today.

Mysuru, Apr. 12 (RKB&BCT)- Heli-Tourism concept without a vision document is a flawed one and the much-publicised project will not be allowed in Mysuru at the cost of environment. Public opinion against the project is rising by the day and the Government will not go against it, said Mysuru-Kodagu MP Pratap Simha.

He was speaking to reporters and also was interacting with Tourism and Forest Department officials at Lalitha Mahal Palace premises this morning where hundreds of trees have been marked for cutting to construct helipads and helicopter docking stations.

Heli-Tourism is a dream project of Tourism Minister C.P. Yogeeshwar and much has been written about it. Also, opposition to cut trees in the butterfly zone of Lalitha Mahal is growing by the day. Mincing no words, the MP called the Heli-Tourism project a publicity stunt.

Lockdown inevitable if people don't co-operate: CM

Bengaluru, Apr. 12 (SSV& BCT)- With experts opining that COVID-19 second wave was likely to peak by May first week in Karnataka, CM B.S. Yediyurappa this morning said that the State Government may impose lockdown if the necessity arises.

"People need to respond for their own good. If they don't heed then we may have to take stringent measures. If required and if necessity arises, we will impose lockdown," Yediyurappa told reporters in Bidar.

Reacting to queries on the growing cases in the State — which saw the numbers breaching 10,000 yesterday — Yediyurappa said that Prime Minister Narendra Modi had also spoken to him about the measures taken by his Government. "(I told him) we have imposed night curfew in the districts where the Coronavirus cases are rising," he said.

We only see the pouts and pirouettes, but much grunt work goes on behind the scenes in the beauty business. Pageants are an adrenaline rush not just for the contestants but for audiences too. As the winner gasps, so do we, living vicariously. And while the bikini round, talent displays and the actual coronation are the glam bits, the math turns the stakes high: Contestants are many, the crown only one. With everyone aware of the alluring career opportunities after a win, elimination rounds are nail-biting events. We only have to pick our favourites and cheer from the sidelines, but the contestants are at crossroads. Having won at the State and National-levels, here they are poised to take over the world. Mimics scary skull to keep predators away

Queensland: The caterpillar of the rare pink underwing moth has a very peculiar defense mechanism. When disturbed, it suddenly arches its back to reveal a pair of large, frightening eyes and what looks like a two rows of barred teeth.

The pink underwing moth is a rare and enigmatic insect found from subtropical New South Wales through Queensland and New Guinea. It feeds on rotting fruit and although nocturnal, it doesn't seem to be strongly attracted to light. The moth's name was inspired by the bright pink bars on its hidden hind underwings, which some experts believe act as a defense mechanism. The theory is that a sudden display of color can startle or surprise a predator for long enough to let the moth escape. But that defense strategy pales in comparison to that used by the pink underwing moth in caterpillar form.

Valley of Butterflies: A natural paradise

Rhodes Island: The Greek island of Rhodes is home to a special biome called Petaloudes Valley, after the millions of moths cover almost every surface during the summer months.

Located on the western side of Rhodes Island, Petaloudes Valley hosts the only natural forest of Oriental Sweetgum trees (Liquidambar orientalis) in Europe. It's the scent by these trees that attracts Jersey Tiger moths; moths congregate covering almost every visible surface almost as a living blanket.

Every year, the spectacular migration of the Jersey Tiger moth begins around May end, as the Jersey Tiger moths emerge from their caterpillar form. Once they reach their destination, they prefer to sleep on the shady sides of trees or around the roots and tourists are advised to admire the surreal views in silence, as loud noises can disturb the butterflies.

Ban heavy vehicles during office and school timings

Sir,

I have seen heavy vehicles like crane excavators and tippers moving freely on the roads at all times. They are also racing with two-wheelers and four-wheelers.

Moreover, most of our roads are very bad and it is very difficult to drive vehicles on the roads along with these heavy vehicles that hinder the movement of small vehicles especially during peak hours.

I noticed Traffic Police were recording the case of an excavator hitting a SUV opposite to Yoganarasimhaswamy temple in Vijayanagar about a month ago; A tipper dangerously racing along with KSRTC bus near Trinethra Circle in Gokulam about 10 days back at around 8.30 am while I was hurriedly moving on Contour Road in Gokulam. If something happened all the passengers inside the bus would have been injured severely.

Recently an excavator killed a two-wheeler rider on Ring Road. Most of these heavy vehicles are driven recklessly, drivers speaking over mobile phones.

I would suggest authorities concerned to ban plying of these heavy vehicles on city roads during school timings (might be between 8.30am-10.30am and 3pm-6pm)

Milk procurement price hiked by Rs. 2 a litre

Mysuru, Apr. 12 (SBD)- In a Ugadi festival gift for Dairy farmers, the city-based MyMUL (Mysore Milk Union Limited) has hiked the procurement price of milk by Rs. 2 a litre.

P.M. Prasanna

Announcing this at a press meet here on Saturday, **MyMUL President P.M. Prasanna** said that milk procurement price has been hiked by Rs. 2 a litre with effect from Apr.16.

Pointing out that following the hike, farmers would get Rs. 26 instead of Rs. 24 per litre of milk they supply to MyMUL, he said that overall, the farmers will get Rs. 31 per litre after addition of Rs. 5 Government incentive.

Noting that MyMUL has not let down farmers even during COVID-19 crisis, Prasanna said that the Milk Body procured milk from farmers as before without any break in that period.

Maintaining that MyMUL recorded a profit of Rs. 9.64 crore in 2020-21, he said that MyMUL was awarded 'Business Excellence Award' by a Publishing Group.

Continuing, he said that MyMUL has sent a proposal to Karnataka Milk Federation (KMF) for setting up a 30 tonne capacity milk powder manufacturing unit and the establishment of such a unit will end the dependency on others.

Stating that MyMUL's milk procurement currently stands at 5.60 lakh litres a day, out of which over a lakh litre is left unused, he said that such leftover milk can be used for making milk powder and other dairy products. MyMUL Managing Director Ashok and other officials were present during the press meet.

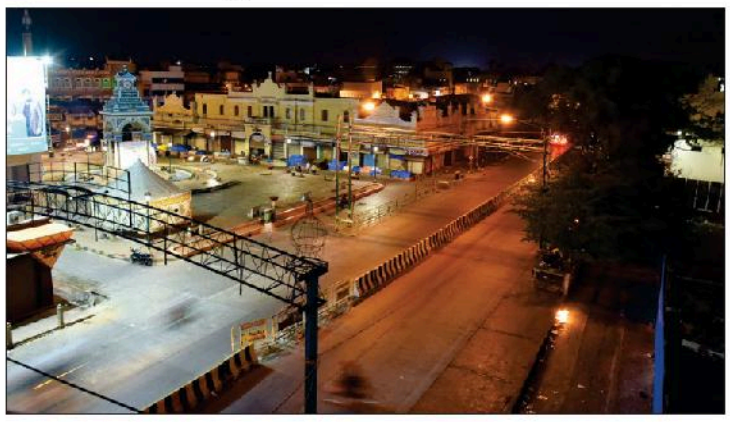
Night curfew: City Police to keep momentum till Apr. 20

With KSRTC strike, travel plans of many outstation professionals have gone for a toss

Mysuru, Apr. 12 (SBD&BCT)- Day two of 'Corona night curfew' came into effect in city at 10 pm yesterday with business establishments downing shutters well before the appointed hour. As the enforcement by the Police was strict on the first day, second day was a smooth affair and the Police have decided to keep the same momentum till Apr. 20.



In the city, which has been recording considerable number of new COVID-19 cases in the second wave, some of the shops, restaurants, pubs and commercial establishments across city were forced shut by the Police and commercial hubs wore a desert look. Traffic that was heavy from around 7 pm till 9.30 pm, thinned out after 9.45 pm.

The worst affected were those who had planned to head to their villages for Ugadi festival. In the absence of public transport as well as night curfew, their travel plans have gone for a toss and many of them are relying on private buses by paying through their nose. Even travelling till the place where private buses start from is a hassle as autos and cabs charging exorbitantly and the Police stopping the vehicles at every other junction.

Barricades were back on the roads and people were seen trying to head home early due to the curfew and the lack of public transport due to the strike.

The Police were seen asking many commercial establishments, especially on D. Devaraj Urs Road, Sayyaji Rao Road and Ashoka Road to down their shutters by 9-9.30 pm. Senior Police officers were monitoring the situation. A senior Police officer said that if the Police find vehicles moving unnecessarily, they will be booked. The staff at the checking points are checking vehicles which are allowed for essential services and transporting daily needs.

Strict action is being taken against violators under Section 51 (B) of the National Disaster Management Act (NDMA) and IPC Section 188 (Disobedience to order duly promulgated by public servant). Vehicles of patients and their relatives or those providing essential services, were allowed to move at night. Passengers coming to and going from Mysuru are also allowed to travel but it is mandatory to carry travel documents.

Those who are moving after 10 pm should carry ID cards and required documents. It was a common scene to see people trying to convince Cops that they had emergency work and Cops refusing to allow them without valid reasons.

Rules relaxed for night shift staff

The State Government which had come under fire for asking night shift employees to travel to their respective places before the curfew was in place (10 pm) modified the order.

Now, vehicles transporting employees will be permitted with authorisation letter issued from their employers. Also, the employees must carry their identity cards.

1,000 oxygenated beds readied to meet exigency

Mysuru, Apr. 12 (SBD&BCT)- With COVID-19 positive cases and death rate seeing an increasing trend in the second wave, the Mysuru District Administration has reserved beds at District Hospital, Metagalli, that was earlier a designated COVID Hospital and at JSS Hospital. While many of the beds are normal ones, provision has been made to reserve a portion of oxygenated beds for emergency use.

The Karnataka State Open University (KSOU) Academic Bhavan Building on Mysuru-Nanjangud Road has been reconverted as COVID Care Centre. This building had been under the control of District Administration ever since there was an outbreak of the contagion.

Those patients who have shown the mild signs of recovery at the District Hospital are being shifted to KSOU Bhavan for additional care. Of the 250 beds at District Hospital, 133 beds and 13 ventilators inside ICUs have been occupied by patients.

Along with the existing arrangements, 200 beds at K.R. Hospital with oxygen facilities, 200 at Stone Building of K.R. Hospital and 100 oxygenated beds have been readied at Trauma Care Centre. At the Trauma Care Centre, 50 beds that have ventilators are available. In all, over 1,000 oxygenated beds are available with the District Administration to meet emergencies and all Taluk Hospitals have been given four ventilators.

A bunch of mango and neem leaves was being sold at Rs. 20. There was no noticeable increase in the prices of vegetables. Cost of *Elakki* Banana was Rs. 50 and *Paccha Bale* was Rs. 30 per kilogram.

Moderate rush was seen at garment stores on Devaraja Urs Road, Old Bank Road, Makkaji Chowk, Sayyaji Rao Road and Kalidasa Road. As usual, saree shops at all major saree business centres including Ashoka Road and K.R. Circle were abuzz with customers. Roadside vendors were also busy selling their products on footpaths across the city including Agrahara Circle, Surya Bakery Circle in Hebbal, Matrumandali Circle in V.V. Mohalla, Vivekananda Circle in Srirampura and other places.

Around 20 Police personnel and Home Guards have been deployed at J.K. Grounds for security. Devaraja Police led by Inspector Diwakar were busy controlling the crowd and instructing vendors as well as customers to wear masks as well as maintain social distancing. Early in the morning, Mysuru City Corporation (MCC) staff and pourakarmikas cleaned the ground.

KSRTC bus services improve on sixth day of strike

Mysuru, Apr. 12 (MTY&DM)- Even as there is no sight of a resolution for the indefinite strike launched by the employees of the four State-run Road Transport Corporations — KSRTC, BMTC, NEKRTC and NWKRTC — KSRTC bus services saw a significant improvement in Mysuru on the sixth day of the strike today.

Over 150 city buses operated from the City Bus Stand this morning, while over 50 buses operated from the Sub-Urban Bus Stand. The number of city buses is expected to reach 200 and that of mofussil buses to 80 by this evening, according to KSRTC sources. Buses to Bengaluru, Virajpet, Madikeri,Tumakuru, Malavalli, Nanjangud etc. have begun.

Private buses and other Public Transport vehicles that have been given temporary permission, continued to ply from Sub-Urban Bus Stand as they have been doing for the past six days, ever since the strike commenced from Apr. 7.

The improvement in KSRTC services and the operation of private buses, has lessened the woes of commuters.

Lockdown inevitable

(Continued from page 1)

The CM insisted that people should wear face masks, use hand sanitisers and maintain social distancing."People need to respond for their own good. If they don't co-operate then we will initiate stringent measures, which people should not give scope for. I want people to co-operate with us," Yediyurappa said.

"We are not interested in clamping lockdown but we would be constrained to take that drastic step if people fail to mend their COVID-inappropriate behaviour," he added.

Meanwhile in Bengaluru, Health and Medical Education Minister Dr. K. Sudhakar clarified that the State Government did not have any intention of imposing lockdown due to its economic impact. "But people must not force the Government to take such a stringent step. They must impose lockdown on themselves by wearing masks and maintaining social distancing," he said.

Heli-Tourism has no vision

(Continued from page 1)

"The concept of Heli-Tourism itself is a flawed one and there is no forethought of future planning. For who is the project being implemented? What is the revenue model? How tourism can be promoted if only an elite group of tourists hop on and hop off the choppers and visit four to five locations n Karnataka," MP Pratap Simha questioned.

10-lane expressway, flights

"If the intention is right, no one will oppose any project. But here we don't even know how the Heli-Tourism is being planned and what are its implications. We are only reading and seeing scattered reports in media. Is the Mysuru District Minister S.T. Somashekar aware of such a project that causes massive destruction of trees? Moreover why the Heli-Tourism project in Mysuru when a 10-lane expressway is coming up in another year or so? The expressway will take tourists between Mysuru and Bengaluru in just one hour. Also, we have flight facilities from Mysuru," he pointed out.

When compared to road, rail and flights, Heli-Tourism is expensive and who can afford such a facility and how long the project can be sustained, Simha asked. "The Tourism Minister is planning to construct helipads and docking stations near Lalitha Mahal by cutting trees in a green zone. There is already a helipad built by the Maharajas. The Minister can instead ask the Wadiyars to rent out or lease the land for Heli-Tourism facility and the Wadiyars, who have strived for the welfare of citizens, would not refuse. Why cut trees and make the land barren," he asked.

Growing public opinion

The MP said that he would take the issue to the District Minister Somashekar and Chief Minister B.S. Yediyurappa and will apprise them about the growing public opinion on mass cutting of trees in the name of Heli-Tourism. "We cannot go against public opinion," Simha said.

Taking the Tourism and Forest Department officers to task during inspection, the MP took objection to the way tree trunks have been scrapped to number them. "Is this the way to number a tree? You are already killing a tree by scrapping its bark. If at all the tree had to be numbered, the numbers could have been painted on tree trunks without damaging it," he said.

If Heli-Tourism has good intention and if it really makes a difference to Karnataka Tourism, choppers can even fly from Mysore Airport, the MP said and assured the officials to provide land inside Airport for Heli-Tourism. "I have instructed the Forest Department not to permit felling of trees at Lalitha Mahal," he added.

Tourism Department Assistant Director H.B. Raghavendra, Range Forest Officer S. Girish accompanied the MP.

While the Temple had faced a dip in the revenues due to lockdown and the restrictions on devotees due to COVID-19 pandemic from March till October last year, the revenues bounced back in November to cross the Rs. 1 crore mark during every counting.

Tiger menace re-surfaces in South Kodagu

Two cows killed on Saturday night

Gonikoppa, Apr. 12 (KS)- Residents of South Kodagu, who are yet to come out of shock following the menace of a tiger, which had created havoc by killing human beings and livestock and eventually found dead a few days later, are still living in a sense of fear after two cows were found killed by a tiger at Biluru village near here on Saturday.

On late Saturday night, the tiger, which raided the cowshed of one Kandera Latha Ganesh, killed two cows and had tried to drag away one of the cows. As it could not drag away the cow, it had consumed a part of it near

A passenger sustained minor injuries when a bus(KA-09/F 5250) travelling from Mangaluru to Mysuru was pelted with stones near Bannikuppe. At the same time, a bus proceeding from Hunsur to Mysuru too was pelted with stones.

Veteran Trade Union leader asks KSRTC staff to return to work

Mysuru, Apr. 12 (SPN&DM)- In an audio that has gone viral amid the indefinite strike launched by employees of the four Road Transport Corporations — Karnataka State Road Transport Corporation (KSRTC), Bangalore Metropolitan Transport Corporation (BMTC), North Western Karnataka Road Transport Corporation (NWKRTC) and North Eastern Karnataka Road Transport Corporation (NEKRTC), seeking fulfilment of their various demands, a veteran Trade Union leader is said to have asked the striking workers to withdraw their stir and report for duty.

In the audio , AITUC General Secretary Anantha Subbarao, who has spearheaded many a transport agitations in the past, is said to have advised the striking employees not to enter into a confrontation with the Government and to report for work immediately. Maintaining that employees cannot take on the Government, Subbarao also told the workers to first report for work and their demands can be discussed next.

Reiterating that it would be futile to take on the Government, he is also said to have cautioned the staff against the leadership of farmer leader Kodihalli Chandrashekar, who is accused of breakup of Karnataka Rajya Raitha Sangha (KRRS), which was once a formidable force under the leadership of Prof. Nanjundaswamy.

56 trees in Vijayanagar First Stage marked for cutting?

Local residents allege that MUDA wants to widen road at the cost of greenery

Mysuru, Apr. 12 (MTY&BCT)- Close on the heels of hundreds of trees being numbered to be chopped off for Heli-Tourism project in the surroundings of Lalitha Mahal Palace, more than 50 fully-grown and healthy trees have been numbered at Vijayanagar First Stage purportedly for cutting.

These trees at Vijayanagar First Stage, Second Main Road have been there since years and have provided shade to the residents, walkers and even small tea shops and auto stands since ages. Local residents said that over 56 huge trees have been numbered for cutting to facilitate road-widening project initiated by Mysuru Urban Development Authority (MUDA).

When compared to Third and Fourth Stage Vijayanagar, the First and Second Stages are considerably green and now the marking of trees have shocked the residents as the green space that provides shade is under threat.

Residents said, it was MUDA staff who scrapped the trees to number them and authorities have written to the Forest Department seeking permission to cut the trees. The contractor, who has been allotted the road widening works, reportedly told the residents that if permission to cut trees is denied, only road repair works would be taken up instead of widening.

While marking the trees too, MUDA officials have not sought permission from the Forest Department and went ahead and numbered the trees.

Speaking to *SOM*, Deputy Conservator of Forests (DCF)-Territorial Dr. K.C. Prashanth Kumar said that MUDA seeking permission to cut trees has not come to his notice. "We have neither granted permission nor have received any request from MUDA to cut trees, I will send a team to Vijayanagar First Stage and report about the trees numbering and the areas," he said.

There has been a public outrage over cutting of trees at Lalitha Mahal Palace surroundings that is a butterfly zone and this act of MUDA to number trees for cutting is inviting the wrath of local residents. Several of them have decried the move on social media.

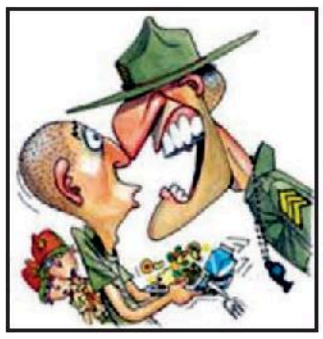
WORD OF THE DAY

Brusque

Pronunciation: BRUSK.
Meaning: Markedly short and abrupt, blunt in manner or speech often to the point of ungracious harshness.



Origin: We borrowed brusque from French in the 1600s. The French, in turn, had borrowed it from Italian, where it was spelled brusco and meant "tart." And the Italian term came from bruscus, the Medieval Latin name for butcher's-broom, a shrub whose bristly leaf-like twigs have long been used for making brooms. English speakers initially used brusque to refer to a tartness in wine, but the word soon came to denote a harsh and stiff manner, which is just what you might expect of a word bristling with associations to stiff, scratchy brooms.
Example: "'Where are you getting all this?' Dinah asked, drawing startled or disapproving glances from a few who worried that she was being too brusque with the boss. 'It's only been, what, four hours?'" — Neal Stephenson, Seveneves, 2015

THE ODD WORD

Bagarre

Scuffle or Brawl

PHRASE OF THE DAY

Better safe than sorry

Meaning: That it's better to choose the safer option than the riskier one, because if you decide to go with the riskier option, then you may later regret it.

Origin: As the saying goes, better safe than sorry! However, when it comes to safety, people do not always choose the safer option when it is available. For example, some people decide to leave their doors unlocked when leaving their home. "I live in a good neighbourhood, it'll probably be fine," they reason. But how would they feel if they came back to a burglarised home? Obviously, they would regret their decision to not lock the door.
Another example is driving. Some people don't want to wear a seat belt in their car. "I'm a safe driver, I'll be okay," they reason. That might be true for the most part, but all it takes is a single time for another driver, perhaps a drunken one, to swerve into another car. This potentially fatal situation would be even more dangerous if nobody is wearing a seat belt! Thus, if two options are available, one of them safe, the other risky, it's probably better to pick the safer option, otherwise you might be sorry later on!
